

Drawing and Talking

Overview

The Drawing and Talking therapeutic approach allows children to discover and communicate emotions through a non-directed technique.

Staffing

Mrs Darwood-Brown

Miss Brown

Mrs Draycott

Who accesses this?

The Drawing and Talking technique is used with anyone who has suffered trauma or has underlying emotional difficulties.

Assessment

A Motional Assessment will be used before and after the assessment.

Structure

A one to one session completed once a week for 12 weeks. Each session lasts no longer than 30 minutes.
