Week commencing 1st July 2019

Big Me Week

Year 3

Mary Amos came to speak to Year 3 about being a firefighter. She talked about the many different ways she helped people from fighting fires to rescuing animals. She talked about the importance of teamwork and having good fitness levels. Mary also spoke about the need to have good English and Maths skills.

Mary brought her firefighting equipment with her and Kaytlynne volunteered to try it on - she thought it was very hot and heavy!

Stanley asked if Mary had ever been hurt during her job and she explained that fortunately, her protective equipment was very good and it stopped her from being hurt.

Eva wanted to know who had inspired Mary and she replied that it was her Mum. Her Mum had explained that it does not matter how small you are, whether you have ginger hair or whether you are a girl; you can do any job as long as you are passionate about it.

After Mary left, Eva explained that Mary was an inspiration to her and Poppy really connected with her idea of you can do whatever you set your mind to.

Year 6

On Wednesday we were lucky enough to have a midwife come in and talk about her job, she gave us some interesting knowledge about being a midwife. One of her interesting facts was that in German mid means with and wife means woman which makes it with woman. She said you don't have to give birth at the hospital as you could give birth to your young one at home, this is said to be more relaxing so the baby keeps calm. You can give birth in a water bath because the baby can breathe in water for 1 to 1 and 1/2 minutes. She also brought in, a wooden object that you could listen to babies heart beats to see if it was health.

On Tuesday, we were lucky enough to meet a hairdresser. He told us what his dreams were and how much his job means to him. He explained how he wanted to be a barber but he realised that wasn't what he really wanted to do, so he became a hairdresser. He enjoyed it so much that he opened his own hairdressers (called Black Cactus). He thought he was very lucky to have opened his own hairdressers and he was very excited to extend his career as a hairdresser as far as he possibly can. He told use all about himself and what he does.

On Monday, an interesting man came in to talk to us about his job as a flood light installer. He spoke to us about how he has handled tall and long flood lights. He has worked for Stags and many other big sports grounds. When he was around 11 years old, he wanted to become a professional footballer but when he began secondary school he began to realise that was unlikely and he needed a back up plan. So he became a flood light installer. He really enjoys his job and he doesn't intend on changing it any time soon.

Big Me Week continued

Nicki Biggs came and spoke to some of our children about being a sports coach. She was full of energy and passion for what she does. Nicki totally got this over to the children and informed them about all the areas of careers in sport. She included not just jobs for those good at sport but jobs for those that don't feel as active such as blogging, photography, dietitians and physio. Nicki focused on the importance of education that is used in her job like maths and English too. She had a brilliant PPT and got the kids to get involved.

"I just thought she was inspiring as she works so hard but loves her job!" Kiera H

"I didn't realise how hard her job is and how much is involved. It's not just playing sport!" Ollie S

"I liked how she showed how much she loved her job." Lyra

"I was interested to learn about all the different skills that were needed to do ALL the loads of jobs she has done." Flynn

"I loved how she started off as just a sports coach but then did loads of learning to do other jobs and be in charge. She met loads of awesome people too. Chris M

Year 6 Rugby Coach

"Heather, who is a female rugby club coach, was inspirational. She was telling us not to give up and believe in ourselves" - Lewis.

"She was inspiring as she has done a lot of voluntary work and she is only 20." Katie.

"She showed us to try hard to get to where we want to be." Samuel.

"It was impressive that she coaches 5 different teams in different sports. One of these teams included two women that now play for the England rugby team." George.

Year 6 Flood Lights Specialist

"Interesting that James has installed floodlights in really well known grounds even though his company is based in Mansfield." Fin

"Interesting that he travels all around the World." Alfie

"He liked sports and he wanted to be a professional footballer but then went onto working with floodlights." Lukas

Nursery News

Nursery are enjoying their 'minibeast' topic this term!

So far we have been on a minibeast hunt during our Treetop Thursdays, explored colour mixing to make our own minibeast and shared minibeast stories with our friends. We have even watched real caterpillars grow just like the Very Hungry Caterpillar did.

We are really looking forward to learning more about minibeasts!!

Mr Dugdale's Sports Fact of the Week

Sport can help with making friends and connecting with people. Being around other people is good for our mental health and social networks - plus you can maximise the benefits of exercising by doing it with other people. You may find that the social benefits are just as important as the physical ones.

MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY

Mr. Wakeland's App of the Week

Google Family Link is a new service launched in the last couple of months. You can stay in the loop as your child or teen explores online. It's designed to help parents keep track of what a child under the age of 13 is doing on an Android device, ranging from app installation to amount of time spent using any given app or the device overall. You can control which apps children can access and download, set which websites children can visit in Chrome or block YouTube Kids channels or specific searches. Download from the Google App Store or check out details here: <https://families.google.com/familylink/>

Transition Day Wednesday 3rd July 2019

This is a chance for your child to meet their new teacher for next year and find out which class they will be in.

They will also get the chance to see what it will be like in their new year group and see some of the kind of work they will be doing.

Important dates for your diary
