

On Thursday the Y3/4 football team played an away game at King Edwards Primary. The match started well for us with 4 goals within the first 12 minutes. They played as a team well, producing some excellent forward moves including switching play and through balls. Crosses into the box were a huge threat for us with Henry and Ethan regularly putting balls into the box, where Kian got on the end of one to score a super headed goal. We allowed the opposition to play an extra player to make the game more of a challenge and give them a chance of bringing themselves back into the game. King Edwards responded with some attacks and goals of their own, but the game was still balanced and we managed to break down their defence to score more goals. Goals from Oscar, Ethan and a hat-trick from winger Henry saw us win our 2nd game. The defence of Ben, Noah and Coral worked hard and Roberts in net made some superb saves. Overall, the most pleasing things to take away from the match were the players teamwork and respect to the opposition. The #LetsGetMoving Player of the match was Henry for 3 super goals and excellent respect shown throughout the game!

Mentions:

Foundation 2: F2KS Amira and Summer
Year 1: 1AS Mason and Erin
Year 2: 2MB Natan and Esmee
Year 3: 3MS Chloe and Madhav
Year 4: 4HB Evie and Wiktorja
Year 5: 5LB Albin and Emelia
Year 6: 6EB Emmie and Oliver

2CA Amelia and Junior
1LS Georgia and Manha
2NG Lucy and Jacob
3EB Tommy and Ffion
4AO Evelyn and Olivia
5JS Leah and Zack
6HM Jakub and Salma

F2SB Olivia and Daniel
1KE Ethan and Fern
2JW Eric and Amir
3CM Harlow and Ryan
4FG Kayla and Jayden
5LN William and Bella

EYFS

The children in F1 will be bringing home their sunflowers which they have planted.

We would love you to keep us updated with any pictures through the class email on their progress.

This week the children have also released their butterflies which they have cared for since we received them as tiny caterpillars, it has been amazing watching the life cycle of the butterfly together as a class!

Thanks

KS1 (Years 1 and 2)

Year 1 are enjoying learning about plants to help them become garden designers and improve our playground. They have been working really hard at home with their parents/carers to make mini greenhouses. These will be used to plant our flower seeds for the planters once we have created our designs and know which flowering plants we need. We are amazed at their efforts and know the children have loved working with their grown-ups to create these.

KS2 (Years 3 and 4)

Year 3 are completing lots of exciting science work in our Vehicle lessons. This week, we grouped rocks based on their appearance and properties and found out whether they were igneous, metamorphic or sedimentary. Here are photos of the different groups we made, considering colour, shape, hardness and whether or not they had crystals. We then watched a meteor strike and had to decide what type of rock this was.

KS2 (Years 5 and 6)

Year 5 have been producing some fantastic artwork to celebrate the Queen's Jubilee this week. We used some paintings by Tim Fowler as inspiration to create our own abstract portraits of the Queen.

Look out for:

Watch out...nits are about!

Can we please ask that you check your child's hair on a regular basis for little visitors. The wet combing technique is recommended and is very effective, however you can purchase treatments from most supermarkets and chemists. Thank you!

Attendance:

Whole school attendance is 95.2%
Winning class is 6HM with 99.67%

Time 2 Chat:

In school we are preparing for our Platinum Jubilee celebrations and looking forward to celebrating this important event. This week we would like you to talk about the Queen and why this is such a special celebration. You could ask your children questions such as:

Who is the Queen?

What does she do?

Who is in her family?

Where does she live?

Why are we having a Platinum Jubilee celebration?

How long has the Queen been on the throne?

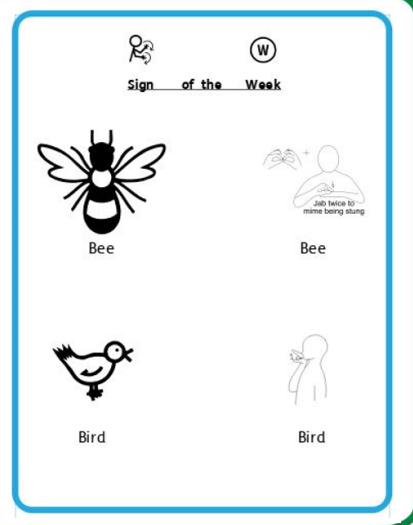

What sort of things are people doing to celebrate?

How are you going to celebrate? Etc

Happy chatting 😊

Sign of the week:

Here is this week's Sign of the Week.
