Dear Parents / Carers,

As the Religious Education (RE) leader for our school, I am in process of setting up RE reflection stations around school to represent the six main religions of the world Christianity, Islam, Hinduism, Sikhism, Judaism and Buddhism.

The purpose of a reflection station is to have a space in school that is designated for an individual religion, an interactive display that allows the children to explore artefacts from each religion, find out key information, through reading books, answering questions, and promoting curiosity and interest.

I will also be displaying children's work; I recently had a child bring in from home her own questions and answers for her friends to help share the knowledge of her religion.

I am therefore writing to ask if any of our parents, or families have any artefacts, photographs or any resources that you would be willing to donate to the school to add to our RE reflection stations, we would really appreciate anything you would be willing to donate.

We are also really interested and keen to develop links with the community, if you have any events coming up or you would be interested in coming in to talk about and share more about your religion and culture, we would love to hear from you.

It is so important for children to learn about all religions and cultures.

Thank you for continued support,

Miss L Stewart  
RE Lead
