

## Parents Evening

As usual, we have scheduled our Parents' Evening Consultations for the Spring Term. This allows your child's class teacher the opportunity to talk to you about how your child is doing in class, what progress they have made, and what their next steps will be.

Parents' Evenings will take place **week commencing 26th February**.

Please don't try to book directly with Class Teachers as the booking system is held in the office, if you are struggling the office team will be able to support.

Should both parents require a booking separately, please inform the office and this can be made available, but slots are limited.

Don't forget  
parents'  
evening!

## NSPCC Numbers Day

Thank you to all the parents and carers that attended our NSPCC Numbers Day sessions. We have raised £240 so far, but you can still send money into classes or via Parentmail.

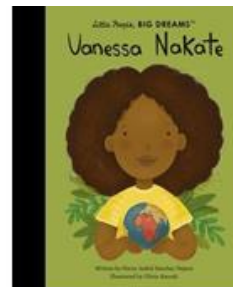

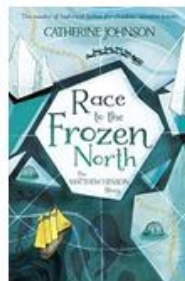

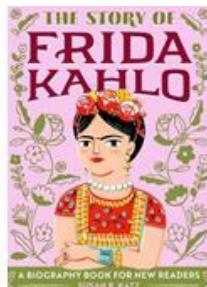

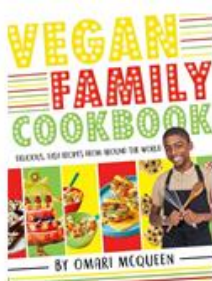

The children loved sharing work with you, completing Maths together and enjoying Maths

## Reading Update

KS2 have been exploring a range of amazing texts in their reading sessions. We have been looking at vocabulary, answering retrieval questions and making inferences.

Here are some of the books we have been reading:

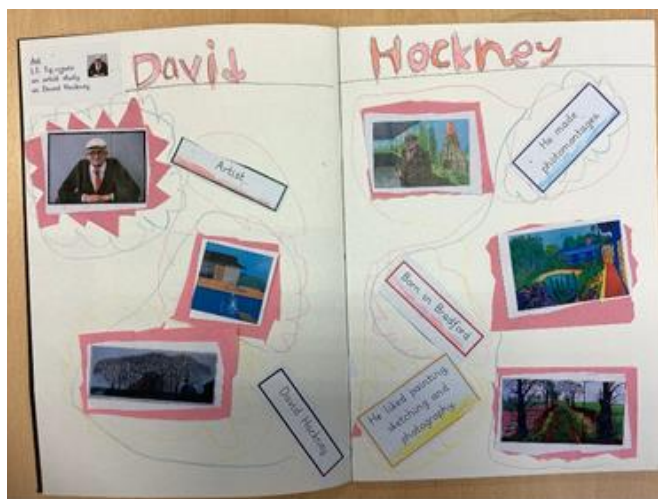

We want to thank all of our amazing parents for coming into nursery and supporting the children and the NSPCC charity. In nursery, we had a sing a long, where we sang all of our favourite number songs for our grown ups! We want to say a huge thank you to parents for your kind donations and can't wait to see you again for our pyjama afternoon!

From the F1 team

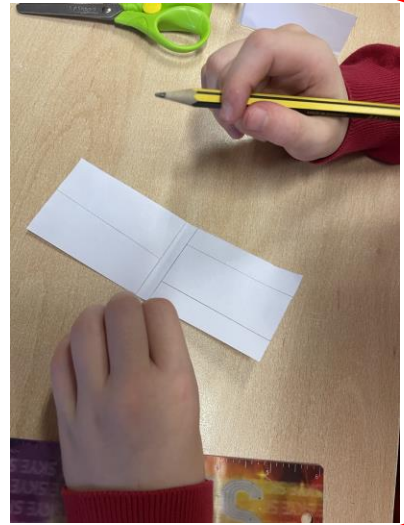

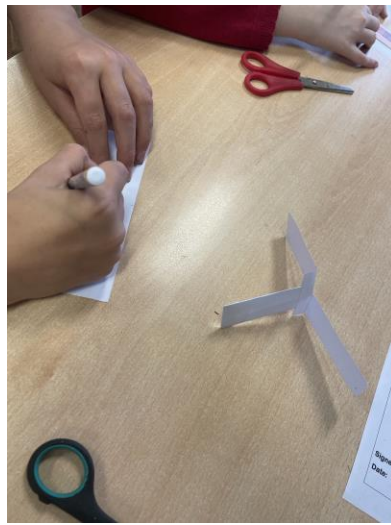

Year 1 have been learning about the artist, David Hockney. They studied pieces of his artwork and discussed whether they thought it was a sketch, painting or a photograph. They shared many opinions on his work and learnt interesting facts about him, which they presented as an artist study.

As part of our 'Can I Take Your Order', the year 3 children have been learning about vegan and vegetarian diets and their health and environmental benefits. We have reviewed recipes from Gaz Oakley for three different vegan burgers and then carried out a taste test for these burgers to see which flavour combinations we like. We have then come up with a success criteria for when we design and make our plant-based burgers.

We have been learning all about 'FORCES' in Science this half term. Pupils have tested the connection between surface area and air resistance by making their very own gyrocopters!

## Diary Dates

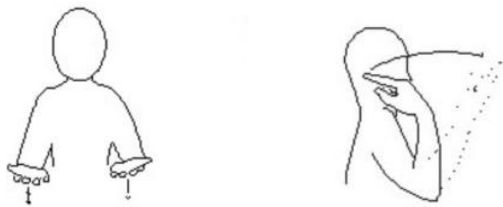

## Contact us...

Staff are available to talk to briefly, before or after school (but please remember they may need to arrange an alternative time if you need a longer chat).

For non-urgent matters each class teacher also has a class email address that parents can use, these are checked every school day by the teacher.

If you are not sure of your class email, take a look at the school website or follow the QR code opposite 😊
