## Pupil premium strategy statement

This statement details our school's use of pupil premium (and recovery premium for the 2022 to 2023 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

## **School overview**

Detail	Data
School name	Sutton Road Primary School
Number of pupils in school	<b>617 with 200 PP (23-24)</b> 574 with 155 PP (22-23)
Proportion (%) of pupil premium eligible pupils	<b>32.4% (September 2023 figures)</b> 27.0% (September 2022 figures)
Academic year/years that our current pupil premium strategy plan covers (3 year plans are recommended)	2022- 2025 We are in the 2 <sup>nd</sup> year of a 3-year plan
Date this statement was published	December 2022
Date on which it will be reviewed	Annually: July 2023, July 2024, July 2025
Statement authorised by	Emma Severn -Head of School
Pupil premium lead	Sally Harvey
Governor lead	Rebecca Jackson

## Funding overview 2023-2024

Detail	Amount
Pupil premium funding allocation this academic year	£203,700
Recovery premium funding allocation this academic year	£22,620
Pupil premium funding carried forward from previous years	£0
Total budget for this academic year	£226,320

## Funding overview 2022-2023

Detail	Amount
Pupil premium funding allocation this academic year	£195,645
Recovery premium funding allocation this academic year	£21,546
Pupil premium funding carried forward from previous years	£0
Total budget for this academic year	£217,191

## Part A: Pupil premium strategy plan

## **Statement of intent**

The spending of our Pupil Premium budget considers the context of our school and the challenges faced. These decisions on how the funding is spent are research based around the effectiveness of a range of strategies and their value for money (primarily EEF) and the outcomes of Ofsted Section 8 monitoring visit on 22.06.21 carried out at our collaboration school.

Research has found that disadvantaged pupils have been worst affected by partial school closures, and that the attainment gap has grown as a result of national lockdowns. The economic impact of Covid-19 has also led to higher numbers of pupils qualifying for pupil premium.

Common barriers to learning for disadvantaged children, can be low aspirations, less parental support at home (or less effective), poor speech, language and communication skills, increased mental health difficulties, language barriers to accessing educational activities, alongside poor attendance and punctuality issues. There may also be complex family situations that prevent children from flourishing and being at their best. The challenges are varied and at times families may require a personalised approach.

Sutton Road Primary's intent is for every child to access quality first teaching, providing them with an innovative and creative curriculum and extensive knowledge. Our children enjoy a broad and balanced curriculum which builds on the knowledge, understanding and skills of all children, whatever their starting points, as they progress through each phase of their journey at our school. The curriculum incorporates the statutory requirements of the National Curriculum 2014 and other experiences and opportunities which best meet the learning and developmental needs of the pupils in our school. The aim of our curriculum is for pupils to have the requisite skills to be successful, independent and motivated learners in readiness for their next stage of education. One of the aims of our curriculum is to raise career aspirations for our children and our approach is to teach using skills to enthuse and interest the children to make meaningful links between the subjects. Outside links / external agencies, educational visits and experiential learning are planned for and take place. Each year group from Foundation (Reception) through to Year 6 has a new curriculum vehicle each term or half term.

Our school Mission Statement is that every member of the school, both adults and children, should at all times strive to take **PRIDE** in all they do.

Personal, Responsibility In Delivering Excellence.

#### School context and demographics:

- Sutton Road Primary School and Nursery is a larger than average primary school with over 600 children on roll, with a PAN of 90 in each cohort and with a 40 place nursery with some of our children are accessing the 30 hours extended provision. These numbers are set to increase with the Spring and Summer Nursery intakes. We also have children on the waiting list for some year groups that are currently full.
- The school is 3-form entry from F2 through to year 6. The 3rd class of Years 6's started September 2022.

- Sutton Road is situated in the town of Mansfield, Nottinghamshire. Mansfield is in the top 20% most deprived districts in the country. Most pupils live within the Ladybrook, Portland and Grange Farm Wards of Mansfield. The 2015 indices of deprivation shows that both the Ladybrook and Portland wards are within the 10% most deprived areas in England.
- As of November 22, a significant group of children 155 (25.3%) were deemed as Pupil premium, with a slightly higher proportion of these being boys than girls, (59% 92 boys compared to 41% 63 girls). 160 (26% of pupils are in receipt of Free School Meals. FSM=22.5% nationally).
- We have 21 different languages spoken in school with (23%) of our children who are deemed as EAL. This is higher than the national average of 19.5%.
- The proportion of SEND pupils is above the national average with 127 children (20.9%), being identified as SEND with 6 children (1%) who have an Education Health Care Plan (EHCP). The main areas of need are Speech Language and Communication (43% of the SEND census) and Social, Emotional Mental Health SEMH (21.6%)
- We currently have 7 pupils who are Looked After Pupils (in the care of the local authority) from 3 different authorities. This is a high proportion when compared to schools in our area.
- Mansfield (8th worst out of 324) and Ashfield (36th worst) rank in the bottom 20% of English local authorities for social mobility cold spots (https://bit.ly/3ziqYZb Social Mobility Commission June 2016). In addition, the most recent indices of deprivation (Income, Employment, Health & Disability, Education, Skills & Training, Barriers to Housing & Services, Crime and Living Environment) (published 26/09/19) show Mansfield ranked 46th worst and Ashfield 68th worst out of 317 local authority districts.

## Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Some pupils eligible for pupil premium make less progress in reading, writing and maths than none pupil premium pupils. Some have less access to quality texts and fewer opportunities for improving the rates of reading.
2	Some pupils eligible for pupil premium have negative mental health which impacts on their emotional wellbeing, engagement, stability, development, aspirations and ability to make progress. This had been adversely affected by Covid school closures, periods of isolation and national lockdowns.
3	Some pupils eligible for pupil premium have lower rates of attendance and some fall into the category of persistent absenteeism. This is a contributing factor in pupils levels of progress and attainment.
4	Language and communication on entry to nursery and reception is significantly below expectations. Different aspects of speech and language development has been significantly affected by Covid 19 for some of our pupils including those eligible for pupil premium.

## Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Higher rates of progress across school for pupils eligible for Pupil Premium (PP). All pupils in receipt of PP will have increased opportunities for improving the rates of progress in reading and opportunities to experience high quality texts	Pupils will have made at least expected progress in reading, writing and maths, with a large pro- portion of pupils making better than expected progress.
Mental Health difficulties experienced by pupils in receipt of pupil premium are being actively supported.	Pupils and their families have significantly improved levels of engagement with the school well-being offer and referrals to services are positive and effective.
Attendance has continued to improve for pupils in receipt of PP through increased support and accountability and in developing and personalising a range of effective incentives.	The attendance of our pupils in receipt of PP has improved overall in comparison to the previous year. Data shows improvements in attendance and / or punctuality for pupils in receipt of Pupil Premium.
Improved speech, language and communication skills for our pupils in receipt of PP.	Pupils will have made at least good progress in the Language / Speech Link intervention and in observations of social situations.
	A greater proportion of pupils are achieving age related expectations in communication and lan- guage and individual needs are addressed through targeted intervention demonstrating pro- gress.

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

## Teaching (for example, CPD, recruitment and retention)

#### Budgeted cost: £132,897

Activity	Evidence that supports this approach	Challenge number(s) addressed
Embed quality first teaching by providing all staff with high quality CPD linked to the SIP with a clear focus on our curriculum drivers –	<b>NFER Research:</b> Leaders of more successful schools emphasise the importance of 'quality teaching first'. They aim to provide a consistently high standard, through setting expectations, monitoring performance, tailoring teaching and support to suit their pupils and sharing best practice. This approach is supported by a body of research, which has	1 and 5

	SCHOOL AND NURSER
found that good teachers are especially important for pupils from disadvantaged backgrounds. For poor pupils the difference between a good teacher and a bad teacher is a whole year's learning. Supporting the attainment of disadvantaged pupils (publishing.service.gov.uk)	
<ul> <li>'Successful schools adopt a whole school approach to their use of the pupil premium that delivers on the full potential of every pupil'</li> <li>(Supporting the attainment of disadvantaged pupils – DfE) <u>Pupil premium: overview -</u> <u>GOV.UK (www.gov.uk)</u></li> </ul>	
<b>NFER Research</b> shows: Senior leaders in more successful schools ensure that staff are willing to do whatever it takes to help each pupil to suc- ceed. They hold every staff member accountable for pupils' progress. They train staff to provide high quality feedback to pupils and adopt the same approach themselves when providing feedback to staff. Having members of SLT lead- ing the development of our Pupil Premium provi- sion will mean that it is high profile across the school <u>EEF_Implementation_Guidance_Re- port_2019.pdf (d2tic4wvo1iusb.cloudfront.net)</u>	1, 3 and 4
Senior Leaders have identified the need to further re- fine and enhance the collaboration's approach to Early Reading due to the findings in Holgate Primary School's Ofsted Section 8 monitoring visit on 22.06.21 'the teaching of phonics in EYFS is a strength, however, in other year groups, the teaching of early reading is inconsistent.	1 and 4
The end of Key Stage 2 SATs for Summer 2022 highlighted Writing as our area demonstrating lower attainment and progress levels and in particular in the proportion of pupils with low prior attainment con- verting to the expected level and pupils with high prior attainment converting to greater depth. <u>Guidance reports   EEF (educationendow- mentfoundation.org.uk)</u>	1 and 4

## Targeted academic support (for example, tutoring, one-to-one support structured interventions)

## Budgeted cost: £71,867

Activity	Evidence that supports this approach	Challenge number(s) addressed
Language link intervention	Language link data shows that a large proportion of pupils in F2 – Y3 are performing below ARE in their speech, language, and communication skills EEF Oral Language Interventions + 6 <u>https://educationendowmentfoundation.org.uk/education- evidence/teaching-learning-toolkit/oral-language-</u>	4
Use of TA's and additional staff to deliver targeted intervention, 1:1 and small group work and in class support	Interventions         EEF small group tuition + 4         EEF Toolkit: Evidence shows that small group tuition is effective and, as a rule of thumb, the smaller the group the better. Some studies suggest that greater feedback from the teacher, more sustained the engagement in smaller groups, or work which is more closely matched to learners' needs explains this impact. Once group size increases above six or seven there is a noticeable reduction in effectiveness         https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/small-group-tuition         EEF teaching Assistant Interventions +4         EEF toolkit: Evidence consistently shows the positive impact that targeted academic support can have, including on those who are not making good progress across the spectrum of achievement. Considering how classroom teachers and teaching assistants can provide targeted academic support, including how to link structured one-to-one or small group intervention to classroom teaching, is likely to be a key component of an effective Pupil Premium strategy         https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/teaching-assistant_interventions         EEF one to one tuition + 5         EEF toolkit: Evidence shows one to one tuition such as the Read, Write inc fast track tutoring led by teaching assistants are experienced, well-trained and supported. Studies in England have shown that pupils eligible for free school meals typically receive additional benefits from one to one tuition. Low attaining pupils are	1 and 4
	assistants, is likely to be particularly beneficial when the teaching assistants are experienced, well-trained and supported. Studies in England have shown that pupils eligible for free school meals typically receive additional	

## Wider strategies (for example, related to attendance, behaviour, wellbeing)

## Budgeted cost: £31,194

Activity	Evidence that supports this approach	Challenge number(s) addressed
Delivering interventions that support and promote positive mental health Behaviour/ Learning mentor to support individuals or groups of children to raise self- esteem and confidence with a view to improve their personal and social skills	<ul> <li>EEF Social and Emotional learning + 4</li> <li>Evidence from the EEF suggests that children from disadvantaged backgrounds have, on average, weaker SEL skills at all ages than their more affluent peers. These skills are likely to influence a range of outcomes for pupils: lower SEL skills are linked with poorer mental health and lower academic attainment. SEL interventions in education are shown to improve SEL skills and are therefore likely to support disadvantaged pupils to understand and engage in healthy relationships with peers and emotional self-regulation, both of which may subsequently increase academic attainment. https://educationendowmentfoundation.org.uk/education- evidence/teaching-learning-toolkit/social-and-emotional- learning</li> <li>EEF Behaviour Interventions + 4</li> <li>NFER Research shows: Pupils have to be in school and able to pay attention before they can access learning. More successful schools make sure they have really effective behaviour strategies: communicating simple, clear rules and training all staff in behaviour management. They also have strong social and emotional support strategies to help pupils in need of additional support, including through working with their families Behaviour interventions   EEF (educationendowmentfoundation.org.uk)</li> </ul>	2
Developing further the role of the Attendance Leader to monitor pupils and to follow up quickly on attendance and concerns. Rewards such as individualised or weekly incentives are funded.	EEF parental engagement + 4 <b>NFER research shows:</b> more successful schools set up rapid response systems to address poor attendance. This includes staff contacting home immediately a pupil fails to arrive on time. If the problem persists, staff work with families to address any barriers they face in getting their children to school. These documents outline the benefit of regular monitoring, reinforcing expectations and putting whole school strategies in place to improve attendance. <u>https://educationendowmentfoundation.org.uk/education-</u> <u>evidence/teaching-learning-toolkit/parental-engagement</u> <u>https://researchschool.org.uk/durrington/news/an-evidence-</u> <u>informed-approach-to-improving-attendance</u> <u>Improving School Attendance</u>	3

		SCHOOL AND NURSERT
Enrichment opportunities to enhance the delivery of the curriculum	Ofsted's inspection handbooks for schools and early years settings stipulates for a school to be graded as good leaders need to adopt or construct a curriculum that is ambitious and designed to give all pupils, particularly disadvantaged pupils and including those with SEND, the knowledge and cultural capital they need to succeed in life.	1,2,3 and 4
Subsidise trips and residential visit for all pupil premium children. Disadvantaged children to have equal access to after school clubs and other curriculum enrichment	School inspection handbook - GOV.UK (www.gov.uk) A range of studies show that educational experiences outside of the classroom benefit attainment, and skills crucial to school performance, including motivation, behaviour and self-esteem – factors that have been linked to the gap.
