## John Radford Trophy Success for Sutton Road

On Monday, the Sutton Road year 5 football team travelled to Mansfield's RH Academy to take part in a qualification round for the John Radford Trophy 2024. There were 10 teams, where only two could qualify. We were placed in a group with 4 other schools and played a round robin, having to finish top to qualify for finals day.

Our first game started brightly with some attacking chances, but none hitting the back of the net, arguably this game was the most challenging as we were slow to settle into the competition. A 0-0 draw saw us take 1 point from the first game but a solid stance to move onto the next game.

**Game 2** was a slightly different story where we held off the attackers well, changed our shape and came out 2-0 winners with goals from Kian and Oscar B sealing our first win and 3 points, again another clean sheet was really encouraging.

**Game 3** saw a solid performance with our changed shape really working, even if players were not in their natural position, we worked amazingly together seeing another win this time 1-0 and an awesome goal from Fraiser beating 3 players to slot the ball in the corner of the net. 7 points from a possible 9 and we were looking at the top two spaces with our challenges still to play.

**Game 4**, our toughest challenge with King Edwards also looking at the top spot, we knew a win would see us move to finals day in the John Radford trophy, the team were really resilient with two injuries before the game started, we knew it would be tough. The defense and midfield managed to repel their attack and a late goal from Kian saw us move to the finals day finishing top of the table.

## NSPCC Numbers Day

Thank you to everyone that  
donated to the NSPCC for our  
school Number's Day. We  
raised £248 on parent mail and  
£97.40 in cash. Therefore  
£345.40 in total.

Thank you for coming into  
school to support the children  
with their Maths and for your  
ongoing support.

## World Book Day is Thursday 7th March 2024

This year for World Book Day, we are asking that, if your child would like to, they come dressed as a 'word'. This might be one item of clothing to represent a word e.g. a blue ribbon to show 'river' or in multi-coloured clothes to show 'rainbow'. Here are some examples to show you what dressing up as a 'word' might look like:

might look like:

Your child has also brought home a paper plate that we would like them to decorate as a book character. Here are some examples:  
All children will also receive a World Book Day book to take home on the 7th March.

An unusual visitor has been to visit F2, a chicken! This was all part of our learning for our vehicle topic “Around the farm”. The chicken had a walk around the carpet and met the children. We were able to ask lots of questions and learnt about where the chicken lives and what she eats. A big thank you to Mr King for bringing in Rosie to meet us!

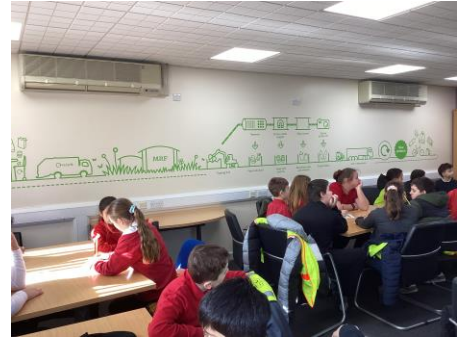

Year 2 in Science took part in a science experiment last week looking at waterproof materials and their uses. We tested the felt which we used to make our first aid pouches to see if it is waterproof and we found it was not as water soaked through. Then we put a layer of wax crayon on the felt and tested it again and the material was waterproof and we loved watching the water slide off the material. The children then worked in groups and discussed and grouped the materials that are waterproof and the materials that are not.

Year 4 have been tasting and creating their own Mexican-style dips as part of their learning this half-term.

All year 6 classes have recently been on a trip to Veolia, the materials recovery facility in Mansfield. We had a tour of the factory and learnt about how all the different machines separate the recyclable materials. We took part in a quiz to find out what could and could not be recycled. We were surprised by what we found out as some things we thought you could recycle actually need to go in the general waste bin not the recycling bin!
