

# Vision and Values of our Collaboration

Our Mission is that everyone who is part of our schools takes:

## Personal Responsibility In Delivering Excellence

Underpinning these we share these 5 Core Values:

### ***Aspirations, Attitudes and Behaviour***

**As schools we:**

- Embed high aspirations through the development of effective attitudes and behaviours in our schools
- Ensure pupils and staff in our schools are resilient learners developing life, learning and leadership skills to equip them exceptionally well for their futures

### ***Inclusion and Diversity***

**As schools we:**

- Welcome diversity and remain wholeheartedly committed to inclusion
- Ensure every individual is fully accepted and provided with a strong sense of belonging within each of our schools and within our wider networks

### ***Collaboration***

**As schools we:**

- Are committed to collaboration ensuring continuous development is both reciprocal and intrinsic in all we do
- Use collaboration to ensure review, reflection and assurances to secure relevant and high quality improvements in our everyday practice and provision

### ***Outcomes***

**As schools we:**

- Believe our children achieving high quality educational outcomes is at the heart of all we provide
- Hold an immutable expectation that all members of our school communities strive continuously to achieve nothing less than excellence for our pupils

### ***Curriculum***

**As schools we:**

- Unequivocally know our curriculum is the conduit to all our aims
- Ensure this is exciting, relevant, challenging and firmly rooted in meeting the individual needs of our pupils at each school and across the Collaboration
