F2 have started a new vehicle this week, learning about the jobs that people do that help us. The first roles we have learnt about are people who help us stay health. We discovered there are all sorts of jobs such as Nurses, Surgeons as well as Paramedics and the children drew pictures of the different roles they had learnt about.

In Year 2 we have been growing plants. The children have chosen a seed to plant, and some of them have begun to germinate. They are all fascinated to watch their seed germinate and grow each day. Although we have found out that some seeds germinate and grow quicker than others!

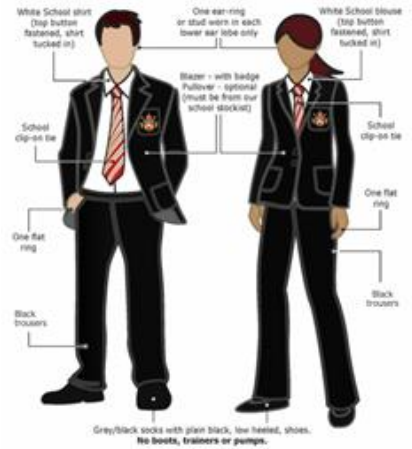

We have also been looking at where our food comes from. In small groups we looked at fruit and vegetable packaging to find the country it had come from. We mapped the fruit and vegetables on a map of the world and found the continent it had come from. We then created a Tally Chart to show the data and discussed why most of our food comes from Europe and not Australia or Antarctica.

Year 4 thoroughly enjoyed their trip to Cadbury World to learn all about the Maya civilisation.

We have applied lots of our learning back in the classroom this week and can't wait to learn even more.

Year 6 have started to complete some transition work recently. We have been looking at the uniform of the secondary school we are going to, making a list of equipment we will need and finding our way around the school grounds to get from one lesson to another. We will be continuing with this work for the next few weeks so that we feel ready and prepared for our next journey through education.
