Dear Parents/Carers,

We are excited to share that as part of our Science topic during summer term, Year 5 will be visiting **The National Space Centre**, in Leicester, on **Thursday 3<sup>rd</sup> July**.

We will be leaving the school at 9.00am and **will return at approximately 5pm**. We will be leaving the space centre at 4pm to allow more time for the experience and for our pupils to engage with the exhibits. Your child will need to wear their full school uniform as we will be representing the school.

All children will need a packed lunch and a drink (*not fizzy or in a glass bottle*) in a suitable bag that they can carry with them. However, if your child receives Free School Meals, a lunch will be provided for them by school – but this will need ordering via ParentMail in the usual way.

In order for the visit to take place, we require a voluntary contribution of **£29 per child**. This includes coach travel, general admission, entrance to 'The Planetarium – Journey Through the Solar System' and also the 'It Is Rocket Science' workshop. Unfortunately, if insufficient contributions are received then the visit will not be able to take place. School does not make a profit and all parental contributions will be used to pay for the trip.

We are hoping to do some fundraising to reduce the costs of this trip.

A payment plan will be set up via ParentMail if you are wish to pay the cost of the trip in instalments.

We will also need parent volunteers in order for the trip to go ahead. If you are able to help please let your child's class teacher know as soon as possible.

Yours Sincerely,  
Miss Ballard, Mr Lewis and Mrs Skeavington  
Sutton Road Primary School - Year 5 Teachers
