Dear Parents and Carers,

As you know, we are currently experiencing a spell of extremely warm weather, with high temperatures forecast to continue throughout this week.

Please be assured that the health, safety and comfort of our pupils remains our priority. We have a number of measures in place across the school to help keep children as cool and comfortable as possible, including:

- Ensuring classrooms and shared areas are well ventilated throughout the day.
- Keeping blinds and curtains closed where appropriate to reduce direct sunlight and help maintain cooler classroom temperatures.
- Encouraging children to drink water regularly and ensuring they have access to drinking water at all times.
- Adapting activities where necessary to avoid prolonged periods in direct sunlight and excessive physical exertion during the hottest parts of the day. The children are having extended morning breaks when it is a little cooler and are having inside time over lunchtime when the temperatures peak.

We would appreciate your support by ensuring your child comes to school with a named water bottle each day and to apply sun cream before coming to school if required.

Sports Day for Year 4 & 6 - POSTPONED

We have made the early decision to postpone Fridays Sports day for Year 4 and 6, as it would not be appropriate for the children or parents to be outside for the afternoon during the heat.

New Date for Year 4 and Year 6 will be **Friday 17th July**.

Thank you for your continued support.

Kind regards,

Mrs Emma Severn
Head of School
