

Maths

Challenge 1: Fractions

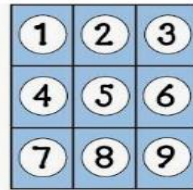

Have a look at this video all about Fractions. The video explains everything to you and there are activities to complete in your exercise book during and afterwards. You can also do the online quiz at the start and end to assess how much you have learnt

<https://www.thenational.academy/year-3/maths/to-describe-the-part-whole-relationship-year-3-wk1-1>

Challenge 2 – Riddles and Puzzles

Tim had nine cards, each with a different number from 1 to 9 on it. He put the cards into three piles so that the total in each pile was 15. How could he have done this?

Can you find *all* the different ways Tim could have done this?

**Challenge 3: Place value**

- 8 hundreds, 3 tens and 6 ones together make .
- 457 is made of hundreds, tens and ones.
- 250 is made of hundreds and tens.

674 is made of 6 hundreds, 7 tens and 4 ones. 674 is also made of 67 tens and 4 ones. 674 is also made of 6 hundreds and 74 ones.

Find different ways of expressing:

630
704
867

Writing

Watch this video called 'Once in a Lifetime.'

<https://www.literacyshed.com/onceinalifetime.html>

While you are watching, write down as many verbs and adverbs as you can to do with floating and sailing gracefully. The write your own ending to the story. Where do the turtles take you?

Challenge: Choose a different animal to come floating by, use show not tell to describe the animal rather than just saying what it is.

Spelling

Homophones:

right	write
see	sea
bear	bare
night	knight
great	grate

Write sentences including each of these homophone words. Can you think of your own homophones? Make your own list.

Sue thinks:

These words are all spelt correctly.
acidnet froot Febuary discribe norty
What do you think? Convince me!

Reading

Have a look at this video all about word meanings. The video explains everything to you and there are activities to complete in your exercise book during and afterwards. You can also do the online quiz at the start and end to assess how much you have learnt.

Flashback

During the Bronze Age, people wore jewellery, such as torcs, to show how important or wealthy they were. Design and make your own torc like the picture. You could make it from play dough, plasticine or even make your own salt dough.

Weekly Learning Project

Calling all Harry Potter's and Hermione Grangers...Can you make your own magic wand? You could make it out of sticks and other natural materials from your own garden or eat an ice lolly and then decorate the stick!

Mindfulness challenge: Find something with a strong scent, such as lavender, orange or lemon peel. Try to concentrate just on that smell for 1 whole minute.
