<p>Online Task available using your child's individual teams' login</p> <p>Watch the video TEAMS of the fishing game and have a go yourself. Find 5 shiny objects in your house and put them in front of you. Use a cup or bowl to 'go fishing' and count how many you have caught. Ask someone else in your house to have a go and see who can catch the most treasure! Don't forget to record who is the winner. Why not add more objects to make it harder!</p>	<p>Online Task available using your child's individual teams' login</p> <p>Watch the video on TEAMS of Guess the shape. Ask your grown up to cut out some shapes (or have a go yourself.) Hide all the shapes in a bag and shake it up. Your grown-ups can make the shapes peek out of the top of the bag and see if you can guess what the shape is. To make it harder you take a shape out of the bag and describe it to your grown up – how many sides does it have? How many corners does it have?</p>	<p>Offline</p> <p>Using the aquarium outline below (or draw your own) draw some fish in your aquarium. Can you draw big fish and small fish, long and short fish and then count how many fish you have drawn and write the number. Don't forget to send a picture to your class email address.</p>	<p>Online https://www.topmarks.co.uk/learning-to-count/underwater-counting</p> <p>Have a go at this super underwater counting game, make sure you count the objects really carefully and then find the right number.</p>
<p>Recap Task: Can you remember our Zoom zoom song? 'Zoom zoom zoom were going to the moon! Zoom zoom zoom, we'll be there very soon! ' Can you count backwards from 10, make sure when you get to 0 you blast off!</p>			
English -			
<p>Online Task available using your child's individual teams' login</p> <p>Listen to the story of 'Rainbow Fish' on TEAMS. In the story the fish loves her shiny scales. Can you find something that is precious to you? Draw a picture of your precious object and use your sounds to write what it is underneath. Don't forget to take a photo of your picture and upload it to Teams for us to see.</p>	<p>Offline</p> <p>The Rainbow Fish learnt how to be a good friend. We wonder if you could be a kind friend and with your grown up write a letter to send to a friend or family member who lives in another house. Ask them how they are and tell them what you have been up to. You might even be able to write your own name to finish the letter off. We'd love you to email us a photograph of your letter please.</p>	<p>Offline</p> <p>This week we want you to make your very own monster! You can draw it, make it from playdoh, paint it or make it from boxes – whatever you like! When you have made it, you have to think of a silly name but must start with the same sounds, for example 'Ziggy Zoggy Zoo' or 'Timmy Tommy Tee.' Don't forget to send a photo of your monster and its name to your class email address.</p>	<p>Offline</p> <p>Write your name on a piece of paper, if you struggle to write your name ask your grown up to write it and you have a go underneath or on top. Now look at all the sounds in your name, can you find an object starting with that sound to go underneath. When you have done your name try and write the name of someone in your family or your favourite character.</p> 
<p>Grammar or vocab Task or phonics: Simon Says! This is a game to practice blending and segmenting your sounds. Listen very carefully to what your grown up says to you and follow the instructions. Grown ups – in this game the instructions have to be split up into sounds. <i>Put on your c-oa-t. Stand u-p. Sit d-ow-n. Put your hands on your h-ea-d. Find a b-a-g. Turn on the t-a-p.</i></p>			
Flashback:			
<p>Think about our Treetop Thursday and Forest School sessions. Show your grown ups some of the games we play. Tell them the rules and have a go! You might like to play Hide and Seek, What's the Time Mr Wolf or Follow My Leader.</p>			
New Weekly learning project			
<p>Have a go at making your own beautiful rainbow fish. You can use sequins, gems or glitter or use anything shiny you have in your house like kitchen foil. Draw your fish under the sea with a beautiful underwater background and colour it in with felt pens and crayons – you could even draw some underwater friends for your fish. Don't forget to send a picture to your class email address – we can't wait to see them!</p>			
<p>Coming soon...Watch out for a transition video from your new class teacher this week. These will be posted on TEAMS and Facebook. Your new class teacher will introduce themselves and set you a short transition task.</p>
